

Student's Name \_\_\_\_\_ Instrument Name: \_\_\_\_\_

## *Musical Instrument Rubric*

**You are an instrument manufacturer, and you have been assigned the task of creating an instrument that will provide evidence that you've learned a lot about sound. The instrument should be created in a fun and interesting way.**

- Using supplies around the house create a musical instrument. Make sure you include **your name, your teacher's name, grade, and the name of your instrument** somewhere on the finished product.

4 Points Everything is neatly created and your name, teacher's name, grade, and name of instrument appear.	3 Points Instrument is excellent but some parts are missing and it's a little sloppy.	2 Points Most of the directions were ignored and the instrument is very sloppy.	1 Point There is an instrument no extra efforts were made at creativity.
---	--	--	---

- The instrument must be able to create at least 3 different pitches: a high, medium, and a low pitch. **An extra bonus point will be given if it can produce more than 3 pitches.**

5 Points (1 bonus point) There are more than 3 pitches made by the instrument.	4 Points The instrument produces a high, medium, and a low pitch.	3 Points The instrument produces only a high and a low pitch.	2 Points The instrument produces only one pitch.	1 Point The instrument produces no sound.
---	--	--	---	--

- Design and **create a case** that will be used to store your instrument. **Add onomatopoeia words** to the design, that you hear when you play it.

4 Points The instrument case is nicely put together and includes at least 2 different onomatopoeias.	3 Points The instrument case is excellent but some parts could be neater and it only contains one onomatopoeia.	2 Points The instrument case is complete but 1 or 2 elements are missing and it is sloppy.	1 Point There is an instrument case but it is not colored and no extra efforts were made at creativity.
